

RURAL MANAGEMENT CHALLENGE

“ IF IT DOESN'T CHALLENGE YOU,
IT DOESN'T CHANGE YOU ”

IT'S ALL ABOUT THE CHALLENGE

The LGMA Queensland Rural Management Challenge is a development programme provides council officers with real-life problem-solving experiences in a simulated challenge environment.

The Challenge tasks are developed to suit non-metropolitan councils and smaller teams and allow for a hands-on approach to leadership development.

Teams of four (4), from any level of local government, undertake a series of tasks alongside other participating councils of a similar size.

A team mentor is also appointed by your council to help prepare the team in the lead up to Challenge Day but on the day the team is on their own.

The challenge kicks off six weeks prior to the event with a pre-challenge task.

On Challenge Day teams are given a range of tasks that simulate different business-related tasks and activities that give them a taste of what it is like to spend a “day in the life of a council executive”.

Feedback reports will form the basis for the debrief and further

application of the learning outcomes to the workplace post event.

Benefits of participation in the challenge include increased knowledge and understanding of council operations and the development of fundamental skills like report writing, public speaking, teamwork, negotiation, communication and decision-making under pressure.

THE PARTICULARS...

ENTRY FEE: \$1,730 per team (inc GST)

HOW TO ENTER:

1. Choose your Team Members & Mentor

Your four team members don't have to be senior personnel - they can work anywhere in your Council. Historically the teams that have gained the most from the experience are those that are the most diverse in terms of participants' area of interest, level and experience.

And remember, select your mentor carefully. Ideally somebody who can guide the team through the preparation phase with help from the material supplied by LGMA. Your team mentor could be the CEO, a senior manager or someone who has previously been part of a Challenge team.

Can you provide an observer? The Challenge relies on the assistance of volunteer observers/actors. If you have people in your council who are looking to develop additional skills through observing team processes and are willing to travel with your team to the challenge, please include their details on the registration form.

2. Register and Pay

Complete the [online registration](#) form. Once completed, your team's entry will be acknowledged, an invoice will be generated and further instructions provided.
